HONOR MADERO

Great Plans Making for Reception.

While Rebel Leader Soon Taste Sweet Fruits of Victory.

General Officials, Soldiers and Police Join in the Demonstrations.

Madero, However, to Be Kept Guard to Prevent Overindulgence.

RECEIVED FROM NIGHT REPORT.] MEXICO CITY, June 5.—No citizen of Mexico was ever given a more enthusiastic reception than Francisco I. Madero, who enters the capital Wednesday morning, the day which has been fighting since November. The honor military bands will play the police, whose duty it once was to arrest those who cried "Viva Madero," will join in the celebration. Madero is a private citizen and under the guns of the garrison. He will be met by the Mexican army, but all that may be done under the law will be done by official police, as well as by the populace, who may be one note of disappointment for thousands of men who have seen the hardships of a campaign. The revolutionists in Cuernavaca have no part in the celebration. This was decided today, but they are not their representatives in capital have ceased in their efforts to have the city withdrawn, fearing that the presence of so many armed men not accustomed to the discipline of the regular army might result in trouble, the government officials have deemed it wise to refuse their plea for participation.

WILL MEET TRAIN. Madero's train will be met a short distance out of the city by another on which will be committees representing various political clubs. The committees will escort him and those with him to the capital. From the station is expected. Madero's first move will be to go to his home and from one of its balconies address the crowds. It was from a balcony of this house that he made his first speech in the political campaign which led to his imprisonment.

DEATHS OF CLUBS. Dozens of clubs having as their central motive the booming of Madero have been organized since the close of the war, and all these are active in planning the reception of the man they will support for the Presidency. They have agreed that Madero will ride through the streets of the city at the head of a procession. It is expected that a military escort will be provided and that the army will be represented in the line, although no definite orders to this effect have been issued.

FEDERALS AND INSURRECTOS TO JOIN TO WIPE OUT ENSENADA ANARCHISTS.

(BY DIRECT WIRE TO THE TIMES.)

EL PASO (Texas) June 5.—[Exclusive Dispatch.] Thirteen hundred federal soldiers left Chihuahua today for Juarez en route to Lower California to fight the Anarchists and Socialists who have set up an independent republic in that Mexican territory. The soldiers are under command of Gen. Luque, a noted fighter who has been prominent in the Chihuahua campaign. Abram Gonzales, the new Governor of Chihuahua, states that the troops will stop in Juarez for a few days, pending a decision as to whether they will go through the United States by train or will march overland through Mexico to Guaymas and there take a boat to Ensenada, Lower California. Gen. B. J. Viljoen and a number of insurrecto troops will either join the Federals here or later in Lower California.

New Proclamation by Republicans.

Illinois Politics to Come in for a General Shake-up Present Month.

Visit of President Taft to Chicago Results in Call for Convention.

Regulars Determined to Put Crimp in Aspirations of La Follette.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, June 5.—[Exclusive Dispatch.] President Taft, in a political conference he had here at the end of his round of activity on his visit Saturday, brought to a focus a new deal in Illinois politics. This change has to do with party issues and principles, rather than the political ambition of any candidate or set of candidates.

The new deal is to culminate in a big mass convention at Springfield within the next two weeks, at which responsible leaders in the Republican party throughout Illinois will be asked to sit in and set forth in a proclamation what the Republican party stands for.

BROAD PLATFORM. This platform or proclamation of principles will be the document that aspirants for official positions will be called upon to subscribe to in the State-wide direct primary battle that will be waged from Galena, on the north to Cairo on the south.

The platform is to be progressive enough and broad enough to make room for all who believe in the success of Republicanism, declares those who are promoting the programme.

So-called "regulars" in the Republican organization are behind the mass convention idea, and they assert it will be progressive enough to satisfy the most "progressive."

AGAINST LA FOLLETTE. There are those who see in this new group on the part of the regulars, which will not work to the advantage of the progressive Republican party, a credit with being back of Senator La Follette as a Presidential aspirant.

The convention proposed will be a gathering which Deen followers, Cullom adherents, or any others who may have at heart the success of the Republican party, as against Democracy, may champion. It is declared, for the success of the Republican cause in the next national, State and county campaign.

Gives Back Fortune to Rejected Suitor.

who recently secured divorce at Reno from wealthy Brooklyn man, and then killed Californian, returning to him gifts valued at nearly a million dollars.

DIVORCES HUSBAND; JILTS LOVER; SPURNS RICHES SHE MIGHT HAVE.

(BY DIRECT WIRE TO THE TIMES.)

RENO (Nev.) June 5.—[Exclusive Dispatch.] Everybody in the divorce colony here is gasping in open-mouthed wonder at Mrs. Annie C. Carpenter of Brooklyn, N. Y., who received a decree from the court here recently divorcing her from Dr. Frank E. Carpenter of Brooklyn, for she has just returned to a wealthy Californian named Miner, worth \$450,000 and stocks worth \$250,000 which he gave to her when he supposed she would become his wife.

The California man, disconsolate and declaring now that he loves Mrs. Carpenter more than he ever did, has accepted the jewels and stock certificates after assuring Mrs. Carpenter that they will repose intact in his safe for a long time, and that should she ever decide to become his wife she will find them as they were returned.

Mr. Miner, who is a man of middle age, and having become enamored of Mrs. Carpenter, he never will marry anybody else.

It was the flutter of a woman's handkerchief that turned the big car from its course and threw Marrack and Carroll under the wheels.

"Jimmy" Green, the driver, who had donned a uniform in honor of the occasion, was chafing his passengers as the engine went rumbling down "Shady Lane" homeward bound. It was a warm, sunny day and the ministers had been singing as they clung to the footboard of the car and the rear wheels skidded to the right.

"Shady Lane" is bordered by hedges and tall eucalyptus trees. The car lurched heavily against a trunk standing out beyond the curb. Marrack and Carroll were caught and crushed. They fell under the car and the wheels passed over them.

THROWN TO THE GROUND. The others were injured by being thrown to the ground. Green stopped the car a few paces farther on and quickly summoned aid. The injured were taken to a local sanatorium.

Green said he was driving at the rate of only two miles an hour when the accident occurred.

The Rev. M. H. Powell, vicar of St. Matthew's Church of Berkeley, and several of the other clergymen said they believed the car to have been moving at the rate of fully five miles an hour.

Marrack, who was unmarried, was graduated from Leland Stanford University.

GOVERNMENT BY INJUNCTION.

WOULD ENJOIN PRESIDENT TAFT FROM WITHHOLDING ALASKA COAL.

(BY DIRECT WIRE TO THE TIMES.)

SEATTLE (Wash.) June 5.—[Exclusive Dispatch.] The principle of government by injunction is to be applied to the national legislature. Legal opinion in Seattle is that the Nelson measure, under which President Taft ratified President Roosevelt's order of withdrawal, gave the President power only to withdraw a portion of the coal lands for specified purposes. President Taft in his order specified the sum for the withdrawal as "purpose of legislation."

As the time when legislation could have been enacted is long since passed, it is contended that the reason for making the order no longer exists.

MAIL CLERKS MEET. SYRACUSE (N. Y.) June 5.—The future of the National Association of Railway Mail Clerks depends on the outcome of the convention of the order here tomorrow. The question to be considered is whether or not the association shall become affiliated with the American Federation of Labor. The ladies' auxiliary also meets tomorrow.

JOY RIDER GOES GLUMLY TO JAIL.

CAR BEARING FAIR FREIGHT RUNS LIKE EXPRESS TRAIN.

Shocked at Not Being Able to Substitute Fine, Speedy Youth Works Off Energies in Cooler.

It took Elmer Wilson, son of Warren Wilson, publisher of the Daily Journal, several minutes yesterday in the Police Court to comprehend that he had been sentenced to jail for fifteen days without the alternative of a fine.

A few minutes later the elder Wilson was leaving the young man liberated on a bench warrant, acting for him, E. J. Fleming, acting for the Wilson, filed notice of appeal to the Superior Court and secured the young man's release on \$100 bond.

The appeal will probably never appear in the police court however, for Fleming will hurry northward to see the Governor and he hopes to return with a pardon.

Elmer Wilson's youth and the inexperience that goes with it will be the basis of the petition for the pardon.

Wilson was arrested late Saturday night for driving his seven-passenger touring car south on Grand street.

In the tonneau forty miles an hour or five young women, whom the motorcycle officers said had been picked up at a dance hall on Grand avenue.

It was said that the girls while Wilson was showing the girls what his machine could do that they were all of them in a state of "train fever."

Wilson's youth, good character and all other traits the father could call upon were discussed at great length.

But Police Judge Chambers was obstinate. "If he was my son fifteen years of age, I would not let him out of jail just the same," he said.

The elder man went away to consult his attorney and young Wilson, with five Mexican, two Italians and several ordinary white tramps went back to the jail.

Before his release was secured Wilson had been given a cheap cotton shirt and told to test his strength on a pile of boxes filled with supplies for the jail, which had just arrived.

A few minutes later, arrayed in the cotton shirt, six necktie, extreme leg trousers and new tan oxfords, he was wrestling with washing powder and laundry soap. "He didn't shirk."

DEATH COMES SUDDENLY.

President of Towel Supply Company Expires of Heart Trouble at Age of 37.

F. W. Chase, aged 37 years, president of the City Towel Supply Company, and long a well-known citizen, died at his home, No. 423 East Twenty-ninth street, early Saturday morning.

He was ill for only a few days. To all appearances, Chase had been well and strong until the morning of his death, although it was known that he suffered occasionally from heart trouble.

Funeral services will be conducted at the residence beginning at 3 o'clock this afternoon. Friends and relatives are invited to be present. Interment will be made in Evergreen cemetery.

Chase had been associated with the growth of Los Angeles for twenty-three years and was head and general manager of the towel supply company for eleven years.

He was a member of the Knights of the Macabees, the Fraternal Brotherhood, and the Knights of Pythias. In these organizations, as well as in his private life, he was esteemed for the sterling energy which he displayed in the prosecution of every cause for the advancement of civic welfare.

While one of the most charitable of men, he was not one who advertised his charities as much of the work that he did in the interests of the needy went unnoticed. A few weeks ago, a driver of one of his wagons came to him, told him that his wife was at death's door, and asked that if he only had \$100, he would be able to save her.

He handed the driver a check for \$250 money when his circumstances became better.

He was a lover of outdoor life, was one of the prime movers in the organization of the Los Angeles Motor Club, and was owner of the "G. G." a pretty launch at San Pedro.

He leaves a widow, his two sons, Guy E. and Victor Chase, and his two daughters, Mabel and Gladys.

Strange Combination of Names and Marriages Developed When Witnesses Are Examined in Case of an Incompetent Whose Guardian Is Trying to Get Estate.

A strange combination of names and marriages developed yesterday when witnesses were examined in the case of J. E. Todd, an incompetent, whose guardian is endeavoring to collect his estate.

Annabelle Davis, who was alleged to be withholding a diamond ring, a gold watch and other valuable property, was brought before Judge Bordwell on a bench warrant, she having failed to answer a subpoena Saturday.

She surprised the court by declaring that her true name is Annabelle Todd and that she is a half-sister of the incompetent.

The court asked how she came by that name and she declared that her mother was married to a man named Todd when she was born, but a short time later married a man named Davis.

In answer to a query, she said she did not learn her true name until she was 19 years old.

The witness then explained to the judge that she discovered it through an old Bible. She produced a holy book with the name of "Annabelle Todd" in it.

The judge informed her that she could not establish anything by the book because it was an edition of too late date.

She told him that her mother had burned up the old Bible, being angry that her daughter had discovered her identity, and she had purchased another and made the entry.

Mrs. Ada Pierce, the mother, was questioned and admitted that she had been married to men named Davis, Todd, Pierce and Alexander.

Miss Davis admitted having possession of the diamond ring and produced it from a handbag. It was delivered to the guardian. She said the gold watch was in pawn.

She admitted having had some of Todd's money, which she had mingled with her own, but declared that she had spent all of it, and more, for his benefit.

Todd was a discoverer of a secret process for bottling mineral water. The witness said that there was a stock of his product valued at \$500 on hand when he became mentally unbalanced and that it might be sold.

She told the court that she had labeled it poison so that no one would take it away.

Her rumor was in vain, as was discovered a few minutes later when a young man named Miller was called to the stand. He testified that he thought that the contents of the large bottles in the Todd establishment were dangerous because of their labels and that he had dumped it out so that no one might come to harm through taking a drink of it.

The judge continued the case until next Monday in order that further inquiries may be made as to other property Todd is supposed to have had.

Blind Man Thrusts Walking Stick Through Spokes of Boy's Bicycle and Rider Falls Heavily.

Bernard Artigu, No. 411 Crocker street, a messenger boy, employed by the Postal Telegraph Company, severely injured his right arm yesterday afternoon.

A blind man passing the street accidentally thrust the end of his walking stick through the spokes of the rear wheel of the boy's bicycle, causing the rider to fall head first over the handle bars.

It was stated at the Receiving Hospital that a fracture may be discovered later.

The blind man, upon being told of the accident, expressed his regret for the lad's injuries.

8 Reasonable Reasons 8 why you should join One of these big Piano Clubs Now

There are so many reasons why you should join one of the Fitzgerald Piano Clubs, if you are thinking of buying a piano, or player piano, that they cannot all be mentioned in one advertisement.

The thing to do is to investigate them. Go over them one by one with one of our salesmen, who can explain them point by point to you.

A piano is something you do not buy every day—you owe it to yourself to look well into what you are getting before you do buy.

The crowning features in which all the members share alike

1. Every instrument is guaranteed, without reserve, for ten years.

SEWER PIPE IS MAYOR'S STUDY.

SAN DIEGO EXECUTIVE TRYING TO FIND OUT.

Visits Los Angeles for Inquiry as to Relative Merits of Concrete-Cement and Vitriolized Kinds—Says He is Confident the Former Will Hold Up.

Mayor James E. Wadham of San Diego has been carrying out a little gum-shoe campaign of his own in Los Angeles, all in the interests of the municipality of which he is the head. He arrived at the Angelus several days ago and has been making exhaustive researches into the merits of concrete-cement sewer piping as compared with the vitriolized sewer pipe.

The little southern municipality has been in the throes of a small upheaval regarding the respective merits of these two materials to be used in extensive improvements in the next five years. The Council last week decided that the cement piping was the better. Immediately, charges of graft and charges of favor were started by people interested in the other material, according to the allegation of Mayor Wadham.

"Cement and concrete will corrode, disintegrate on account of the acids in effluent matter, yelled the men backing the vitriolized piping."

"They won't because cesspools don't and tests have shown that the concrete will hold up," howled the winning side.

The measure, having passed the Council, was put up to the final passage or vetoing by Mayor Wadham, and that official, in order to make sure of his grounds, came here on a tour of inspection.

"I feel confident that the concrete piping, which is cheaper, will hold up," declared the Mayor, who refused to state that he would ratify the measure by his signature, but who, nevertheless, seemed all in favor of that sort of material, despite the heavy weight brought to bear from the other side, and he will undoubtedly be the instrument for the furnishing of San Diego with a concrete sewerage system.

In addition to this, Mayor Wadham has been in conference with Lieut. Leeds, Corps of Engineers, U.S.A., in regard to a harbor appropriation for San Diego. At the last session of Congress a bill was passed authorizing an appropriation of \$1,000,000 for harbor work at San Diego, with a proviso that the municipality furnish a like sum within a year.

According to the terms of the appropriation, the citizens of San Diego are all in favor of a bond issue to cover the necessary sum, and it will only be a short time before San Diego, like Los Angeles, is in control of all harbor affairs.

Lieut. Leeds, accompanied Mayor Wadham to San Diego in the auto of the latter, yesterday

NEW TRIAL ALLOWED.
Plaintiff Gets Another Chance to Secure Damages From National Sugar Company.

The Second Appellate Court yesterday reversed judgment and the order of Superior Judge Hutton in the case of Charles Lathrop against the National Sugar Company. The court had found for the plaintiff.

This was an action for damages alleged to have been received by Lathrop, who he claimed, had invested in the capital stock of the defendant corporation to the extent of \$740. The plaintiff asserted that he had been imposed on by means of false representations made in regard to the value of the stock by C. F. Stewart, president of the company, and Wayne & McGraw, stock brokers of this city.

The corporation, it is said, possessed valuable patents for the making of marketable sugar from wood charcoal, and the stock was supposed to be a good investment. But Lathrop says that it did not prove so.

The Superior Court opinion recited "that each and all of the allegations of the complaint, touching the matter of false representations claimed to have been made by the defendants, were found to be untrue," hence the Court of Appeals find that the statements made which induced him to buy were true.

JUDGMENT AFFIRMED.
The judgment in the Superior Court of Judge McMahon of Kern county was affirmed in the case of the State against Terry Hibson yesterday.

The latter had been convicted of grand larceny and asked for a new trial, which was denied by the trial court.

"The Jewel of Asia," which, it is perhaps needless to say, has a hundred sparkling facets, is the very gorgeous offering of the Idora Comic Opera Company at Hamburger's Music Theatre this week, with the added attraction of Ynez de la Guerra in her wonderful Harem drama.

The authors of the musical comedy have not given their "Jewel" a particularly effective setting in the first act, broken up, as it is, with a café interior on one side and a Parisian boulevard on the other—and the scene painter, in a fit of quite unnecessary zeal, has placed in the very middle of the boulevard a little house, which he may have thought represented a police station—but which doesn't. But the setting of the second act, a harem interior in Turkish Asia, is gorgeous and beautiful to behold, and we will straightway proceed to forget that of the first.

And the girls—the hundred wives of the dead Sadeq and the thirteen spouses of the living and turbulent Simoon Pasha—how beautiful they are, every one of them, in their floating veils and silken trousers. And all are as coyly modest as they are lovely—for, the current opinion to the contrary notwithstanding, there is positively no immodest suggestion in the harem skirt. I tried hard to find some last night, and failed.

There is a lot of good music in the scene as Morra, first dancer to the Sultan! In looking at her one forgets time and place—he was carried in a single breath back to the courts of Persia or Cleopatra to Rome, to Egypt—and saw he favorite among the odalisques in her sensuous barbarian dances. Sometimes Miss De la Guerra looked like a frenzied bacchanalian, sometimes like a Delphic priestess, sometimes like one of the strange, uncanny dream women of Aubrey Beardsley's imaginings—and always, so inscrutable were her eyes so cryptic and remote, she reminded you of the Sphinx. Miss De la Guerra is famed for the beauty and poetry

Events in Local Society

BASKETS of pink peas ornamented the table yesterday at the brilliant luncheon given by Mrs. W. C. Mushet of No. 2414 North Griffin avenue, to formally announce the engagement of her daughter, Miss Galetta, to Frederick Hastings Rindge, son of the late Frederick H. Rindge of Harvard boulevard, millionaire and philanthropist. Cards

turned from attending the wedding of her brother, John D. Fletcher to Miss Jessie Clark at Berkeley, where she was bridesmaid. The wedding caused a distinct flurry in society circles, as the bride is one of the leaders in the younger set, and "Jack" Fletcher was for several years secretary to Prof. H. A pretentious affair of Saturday was the luncheon of forty-eight covers given at Hotel Alexandria by Misses Mary and Anna Hook, assisted by their mother, Mrs. W. T. Hook of No. 2725 Raymond avenue. In the center of the large table a large electric fountain played, hundreds of small rose buds and choice ferns surrounding it. The young guests were all classmates of the young hostesses. They included Miss Ethel Vandenberg, Miss Camille Garnier, Miss Katherine Smith, Miss Winifred Howland, Miss Margaret Hogan, Miss Imogene Wood, Miss Elizabeth Currier, Miss Jessie Booth, Miss K. Wilcox, Miss Laura Greenwood, Miss Frances Whitsett, Mrs. Montgomery, Miss Ruth Grippin, Miss Marie Holme, Miss Ramona Richards, Miss Frances Edwards, Miss Margaret Erdt, Miss Ruth Short, Miss Erma Milligan, Miss Henrietta Hunt, Miss Bernice Filmer, Miss Edna Hanerwaas, Miss Lucille Spencer, Miss Doris Hutchins, Miss Hazel Shuttles, Miss Hortense Wilber, Miss Arline Wagner, Miss Julia Vandenberg, Miss Marie Nichols, Miss Cornelia Kenney, Miss Doris Hudson, Miss Lucie Bartlett, Miss Katherine Enborn, Miss Gertrude Nelson, Mrs. Farwell, Miss Grace Whitley, Mrs. Margaret Smith, Miss Audrey Vaughan, Miss Irene Kelly, Miss Marie Langdon, Miss Margaret Mathews, Miss Louise Kenney, Miss Gladys Martin, Miss Mabel Briley and Miss Esther Love.

From Wedding to Concert.
Out among the orange blossoms in Covina, where Ellen Beach Yaw, the "Lark Ellen" of Southern California, makes her home, there seems to be an atmosphere that produces good soprano voices. Miss Evelyn Fletcher, daughter of the actor of Holy Trinity Episcopal parish, has just re-

turned from attending the wedding of her brother, John D. Fletcher to Miss Jessie Clark at Berkeley, where she was bridesmaid. The wedding caused a distinct flurry in society circles, as the bride is one of the leaders in the younger set, and "Jack" Fletcher was for several years secretary to Prof. H. Morse Stevens of Berkeley, and a well-known member of the

Los Angeles, took place last evening at 8 o'clock, in St. Paul's Episcopal Church, Chicago. Rev. Herman Page read the service. The bride was attended by her sister, Mrs. Heath Truman Byford, an honored maid. She had four bridesmaids, Miss Cecile Murphy, Miss Louise Countess, Miss Alice Thea, and Miss Vera Varnoe. The bridegroom had his brother, Albers Clarke, as best man. The ushers were Robert Clarke, another brother, Heath Truman Byford, George Garret of Lacrosse, Wis., Kenneth Arthur of Detroit, and Albert Bent of St. Paul. The ceremony was followed by a reception at the South Shore Country Club.

Correa-Kerns Wedding.
Miss Pearl Josephine Correa, daughter of Mr. and Mrs. J. V. Correa, of No. 1500 West Fifth street, on Thursday evening, became the bride of J. Rolin Kerns. Rev. N. L. Rowell of the Highland Park Congregational Church, officiated, assisted by Rev. F. A. Reustel of the Salem Congregational Church. The reception-room, in which the service was read, was decorated with ferns and white sweet peas, forming a great canopy. The altar, arranged at one end of the room, was surrounded by clusters of wasonias and Shasta daisies. The bride wore a gown of embroidered marquisette, over crepe de chine, trimmed with seed pearls and duchess lace. She carried a shower bouquet of lilies of the valley.

Just before the wedding march, which was played by Miss Florence McCartney, B. Thomas Monson sang with piano and violin obligato accompaniment. After the ceremony Mr. Monson sang again.

The bride and groom were preceded to the altar by little Aubrey Van Horne, who scattered rose petals in the path of the bride and Clarence Van Horne, who bore the ring on a silver tray. Mr. and Mrs. Kerns left later for a bridal trip, after which they will be at home in Santa Monica.

Garden Tea.
A garden tea was given at El Reposo Sanitarium, Sierra Madre, Saturday afternoon, Dr. Lloyd Le Roy Krebs and Mrs. Krebs, who are enjoying at El Reposo for the summer, were host and hostess. Tea and punch were served in the clubhouse which was handsomely decorated with wild flowers. Mrs. Krebs is a charming hostess and a brilliant woman. She is the author of a number of clever army stories and a book of verse published by Paul Elder. Dr. Krebs was for a number of years army surgeon stationed in the Philippines and at various eastern forts. The guests of the occasion were: Lieut. Gen. and Mrs. Chas. B. Burton Walla, Mr. and Mrs. David E. Spangler, Miss Friok, Dr. and Mrs. Pottenger, Mr. Hastings, Mrs. Haviland H. Lund and Mr. Sydney Flower.

Garden Party.
A garden fete will be given Saturday at No. 322 West Adams street to raise funds for a women's dormitory for the University of Southern California. Similar affairs have been given each year and already \$8000 has been raised.

Formal Announcement.
Mrs. Laura Demmon, of No. 638 West Forty-first street, announced the engagement of her daughter, Miss Adelaide Evelyn, to Frank L. Battle of San Jose. The wedding will take place early in July.

To Entertain.

At Home.
Mrs. Sterling Catlin Lines has returned from Mexico where she has been passing the winter and is visiting her mother, Mrs. Toussay, at Hotel Wilshire.

LUAU OR KAMEHAMEHA DAY.
The Southern California Lei Aloha Society of Hawaii will have a luau to celebrate Kamehameha Day, Saturday, at Echo Park. This anniversary of the death of the great warrior king falls on June 11, but as the date comes on Sunday the observance will be the day before. All former residents or visitors in Hawaii and their friends are invited. Various native dishes will be taken in the picnic suppers by those who can prepare them. Others can take the usual ham sandwiches and olives. The picnic crowd will assemble at the park at 4:30 o'clock and supper will be eaten at 6 o'clock. Mrs. Frances King Headlee, No. 553 South Spring street, is anxious to hear at once from all who can attend.

Bohemian Club. With the exigencies of the wedding off her mind, Miss Fletcher has announced anew the coming of her first chamber concert on Thursday of this week in the Covina clubhouse, when her soprano voice will be heard in a classic programme of ballads and arias. Four years of ambitious studying has brought the young Covina soprano to an enviable position in song interpretation. The Monday Afternoon Club, and the Amphion Society, a musical organization, are assisting Miss Fletcher in her first appearance, and the affair will take on the significance of an unusual society affair.

3 out of Every 4 Manson and Hamlin Pianos Built and Sold are Grands

This is a most significant fact. As far as we know, no other manufacturer has exceeded the 50 per cent. mark.

This is a wonderful record but it is especially noteworthy when you remember—Mason & Hamlin pianos are the most expensive pianos on the market—they are not sold with automatic players built in them—catering and selling thereby, only to musicians and people of the utmost discrimination as to tone and general excellence.

The Mason & Hamlin piano, like no other depends solely on its artistic merits for the wonderful success it has achieved and is, achieving.

Come in whenever you are down town, hear the tone and have the tension resonator explained if you want a musical treat.

At the Bachelors' ball, one of the most elaborate and successful affairs of recent years, Perkins and Mrs. Barrow-French were thrown together and the insidious little god of love arranged things to his own satisfaction. The day following the ball, the announcement of the approaching marriage could have been made.

Owing to the fact that not quite one year had passed since the death of the husband of Mrs. Barrow-French the announcement was postponed and then the wedding plans were again changed owing to the illness of the mother of the groom, and instead of a function of importance, a quiet marriage was decided on.

GOLF THRONE HAS LIVELY OCCUPANT.

Sir Henry Newton Wrests Crown from Macbeth.

Seltzer Water Celebration Attends Coronation.

Close Matches Are Played in Handicap Tournament.

A new golf king reigns at the Los Angeles Country Club. His name? Henry Newton. He has done the impossible: He has cleaned up Norman Macbeth, the invincible—Macbeth, who, since time immemorial has had everything his own way on Southern California links.

It all happened this way. Macbeth and Newton were pitted against each other in the match play for the president's cup. The Southern California champion started with 5 down, a pretty big handicap against a player capable of going round close to bogey figures, and this Newton frequently does—and did Saturday.

Macbeth played well but his light-weight (physically only) opponent literally put it all over him. When the dust settled about the last hole Macbeth—tail, Apollo-like Macbeth—was 3 down and 3 to go. Even if the game had not been a handicap affair he would have been only 2 up.

Newton received a shmon-pure vacation. He was hoisted upon the shoulders of Ed Tufts, Macbeth and others, who are able to do the work, and carried in triumph to the clubhouse. Being a very modest man, he protested orally and then with various parts of his anatomy, separately and collectively, but although he put up a gallant fight, he was finally dumped down along-side the brass rail in the life-saving station.

Being a temperate, as well as a modest man, Mr. Newton refused anything but seltzer water. He was forced to lap up all the effervescent stuff on the premises, until, eyewitnesses assert, every time anybody touched him, he, sputtering, gave a perfect representation of a siphon.

SEVERAL TIES.

There were several tie games. W. B. Miller and L. T. Bradford, the latter starting 1 up, were all square at the eighteenth hole. They elected to play off the tie that same afternoon and again, the all square at the thirty-sixth hole. It should have been another tie game, for both were near the green at the thirty-sixth hole in 3, and each had his ball close to the cup in 4. Bradford, however, missed the putt, while Miller holed his and thereby won the match. Thirty-six holes on these grounds in one afternoon is rather strenuous. It means a distance traveled of between eight and ten miles, not to mention the energy consumed in making the neighborhood of 170 strokes with the golf clubs.

Another tie match was played by Phil Kitchen and Sumner P. Hunt, playing from the same mark. This tie will be settled this week.

Nearly all the matches were closely contested. There were two exceptions. George H. Schneider beat A. Crutcher 6 up 5 to play and Dr. Guy Cochran beat Dr. A. M. Smith 6 up 4 to play. W. Frederickson had a narrow escape in his match with C. A. Henderson, who started 7 up. It was not finished until the last hole, which was halved and the match won by Frederickson by 1 up. Henderson, as he always does, pulled off several handsome stunts, holing from off the green and laying several long approach shots dead to the cup. J. A. Jevins started Dr. J. L. Kilpatrick 6 holes up and had a hard fight to win 2 up 1 to play. They halved the first, Dinky hole in 2 strokes.

On Sunday the matches were as follows: Dr. F. Frost beat Joseph Hall 2 up 1 to play; Theodore Simpson beat J. C. Drake 1 up; S. S. Parsons beat W. E. Waddell 1 up; L. M. Ellis beat M. J. Waddell 2 up 1 to play.

The second round matches must be played before June 12. Those of the first round remaining unplayed must be played this week.

The trophy for the president's cup is a handicap affair in which all contestants have equal chance, or so it is intended by the handicapper, and all are interested in seeing how equitable may be the allowances when applied on the new links. Chief among the interested ones in this respect is Ed S. Tufts, who, with several others, is responsible for the handicap. The life of a handicapper is always a miserable one. There are kicks here and grumbles there at his estimate of the players' standards of play and it needs the hand of a diplomat to carry this work out smoothly; that is to satisfy as nearly as possible all players and yet live.

CHOICE FISHING WATERS LEASED BY NEW CLUB OF EXPERT ANGLERS

RARE bass fishing is to be enjoyed by the members of the new Potrero Fishing Club, which has just been organized by Ed Tufts and Judge Harry Rose. The club has leased Matthews Lake, an artificial body of water, three miles long and half mile wide which is located in the mountains in the neighborhood of Newberry Park. The lake contains thousands of black bass, from a half pound to three and a half pounds in weight and is undoubtedly the best angling place for bass in the South.

The club membership is limited to fifty persons and the list has been closed. The lake is on the Matthews ranch and was originally made for irrigating purposes. An enormous concrete dam was put across a gulch and the water backed up for nearly three miles.

However, no use has ever been made of the place except for picnic purposes. The fishing rights for six months beginning June 1.

A number of local anglers made an automobile trip to the lake Sunday and everyone in the party caught from the place to the limit of black bass. The place is only two and a half hours away by automobile. Among those making the trip were Charlie McCoy, Lou Gounsey, Louis Bremer, Ed. Hauser, Lou Hauser, Charles Van Valkenberg, Roy Whitman of Ventura, Charlie Sanna and Murphy and Sam Wolf of Oxnard. Members of the club will have the privilege of taking their friends to the new bass waters.

Matthews Lake was stocked with big-mouthed or pond bass (Micropterus Dolomieu) by the State Fish and Game Commission a few years ago.

There is a little canvasback shooting in the lake in the winter, a few patches of the famous canvasback celery being found there.

DARING FRENCH AVIATOR LOST ON THE WILD CORSICAN COAST.

[ASSOCIATED PRESS NIGHT REPORT.]

NICE, June 5.—It appears probable tonight that Lieut. Bague, the French aviator, has met the fate of Cecil Grace, the Englishman, who was lost in the North Sea while attempting a flight from Calais to Dover last December. Lieut. Bague, who holds the over-sea flight record, left Nice in this aeroplane today for a trip to Corsica. The distance is about a hundred miles. When nothing was heard from the aviator, torpedo boat destroyers were sent to seek him.

The destroyer Arbalète returned here this evening from Corsica and reported it could find no trace of Bague. Other naval vessels are continuing the search but it is feared it will prove fruitless.

The aviator took carrier pigeons with him and it is supposed that the aeroplane capsized so suddenly he was unable to set them loose.

On March 5 last, Lieut. Bague made a sensational and daring flight over the Mediterranean from Antibes to the little island of Jorgona off the Italian coast. He covered a distance of more than 200 kilometers (124.4 miles), establishing a new record for over the sea.

It had been his original intention to land at Ajaccio, on the west coast of Corsica, but he lost his way and covered a greater distance over the water than if he had carried out his original plan.

The success of the speedway from the spectators' viewpoint was assured two years ago when, at the opening meet, seven lives were lost. We are living in a fast age and the professional athletes who are willing to sacrifice his bones and gore on the altar of a highly-seasoned sport is the man of the hour in the sporting world and the one that will draw the crowds.

It was announced that the million dollar speedway had been improved so that drivers, mechanics and spectators were safeguarded to the point that it was almost impossible for an accident to occur.

But speed means danger. Great danger lies in high speed and the dreams of those who claim that automobile racing will ever be placed on a safe and sane basis will never come true. The danger increases each year as more powerful cars are built.

The scythe swinger did not disappoint those who predicted the loss of life and many accidents during the running of the race. One was killed and eight were hurt, many of the latter seriously. They tell me the days of miracles are over, but I can hardly believe, after I witnessed the running wild of cars that crashed into fences and over cars, that hundreds were not mangled.

It was simply good luck. All the experts of the racing game admit that. Next time it is possible that the promoters will have the nerve to announce a "next time" or the manufacturers will permit such a chance to be taken again, it can scarcely be pulled off without far greater loss of life than was demanded Tuesday as toll by the grim reaper.

BRAINS WITH GAS.

Ray Harroun, the winner, is a driver who mixes brains with gasoline. This is a rare mixture. Harroun is of Arab descent, a thin wiry, determined-looking little fellow, with about the keenest pair of eyes one ever looked at. Most drivers in the race sat at the wheel of the car which others had planned and built. But with the winner it was different.

Harroun knew the peculiarities of the speedway he built along his own lines, in the shops of the manufacturers who employed him, the car with which he won the world's greatest automobile race. This was a year ago.

On July 4 last, Harroun won the Wheeler and Scheler trophy event with his "Waap." Then the car was laid away when Harroun retired from racing last fall. He went into the business of building engines for aero planes. But when the big race and its rich purse was announced, Harroun "came back" and wiped the dust off his "Waap" made sure its stings had been preserved, and got ready to win the last race of his career.

There never was a time during the entire contest that he did not hold the whip hand. He was driving with his head instead of with his arms and hands. He toyed with the giants of the speedway much as a cat plays with a mouse. There are many drivers in the country more daring and spectacular than Harroun, but none with a stouter heart or with more brains.

Ray Harroun, with his ability, is worth more to the sport than all the spectacular and dare-juggling drivers in the world. There is nothing theatrical about his methods or poses. He dislikes to be called a daredevil. In fact, he is a very mild, the anti-type of the majority of racing drivers.

The race was a battle of tires. Harroun knew it would be long before the race started. He changed but four times all during the race. While the heavier and less well balanced cars were grinding off great strips of rubber treads and shooting them high in the air like a pyrotechnic display, the Arab sent his wonderfully balanced car around and his keen sense of touch kept him in most of his battles.

I have never rated Dixon as seriously as I have Johnny Kilbane, although I will admit that I believe he is one of the best featherweights in the country today. Then Dixon cannot be compared to the Cleveland fighter, nor can the coming battle between Rivers and the little ex-sailor be compared to the fight that the Mexican had with Kilbane.

In fact I believe that Dixon has a better chance to whip Rivers via the knockout route than Kilbane ever had or ever will have. The Mexican is too tough a nut to crack to fall victim of a boxer. It will take a fight of some kind, and then it will not be on points but by the sleeping method.

There are men in the country today that Johnny Kilbane can whip because he is so clever. He might not knock them out but he can win over them by a big margin and get the decision. Those same boys might give either Dixon or Rivers much harder fights, yet Kilbane could not come close to knocking out the Mexican in their recent battle, and the Cleveland boy would probably find Dixon just as tough as Rivers.

Then to get back to Rivers and Dixon it looks as though the winner in this battle would be decided before the limit was reached. Neither are finished fighters of the type of Abe Attell, but both are natural mixers who love to rough it.

Rivers certainly has an advantage in being at home for the contest, although it looks as though the winner in this battle would be decided before the limit was reached.

Rivers and Dixon.

STYLES OF ATTACK DIFFER; BOUT SHOULD BE STRENUOUS.

THE coming battle between Joe Rivers and Tommy Dixon is going to be a hard contest, it is expected. The two boys have not met a common foe and their styles of fighting or rather of attack are quite different.

The Crisis.

BIG GAME DEAD, SAYS OLDFIELD.

Cost of Life and Money Not Equal to Returns.

Situation Demands Action to Protect Sport.

Legislation May Act if Auto Men Do Not.

[Special Correspondence of The Times.] [Copyright, 1911, by Barney Oldfield.]

CHICAGO, June 2.—The greatest and most costly automobile race ever run in the world caused new pages to be recorded in the history of the sport on last Tuesday, Memorial Day. For months the eyes of all motordom were centered on the event. Nearly 100,000 spectators, many of them from distant and foreign cities, were attracted to the race.

The success of the speedway from the spectators' viewpoint was assured two years ago when, at the opening meet, seven lives were lost. We are living in a fast age and the professional athletes who are willing to sacrifice his bones and gore on the altar of a highly-seasoned sport is the man of the hour in the sporting world and the one that will draw the crowds.

ROUGH TIMES IN EASTERN RINGS.

Wild times followed the scheduled eight-round bout at Memphis between Tommy Gary of Chicago and Danny Goodman last night, when, in the seventh round, police jumped through the ropes to restore order from the verdict of the referee who declared the bout "no contest."

By using the foulest of tactics, Sailor Burke knocked out Teddy Nelson of Australia in New York last night at the Olympic Athletic Club. After having repeatedly fouled Nelson in the earliest rounds, Burke stuck his left arm under his opponent's chin in the ninth, throwing Nelson's head far back and crossed a heavy right hand swing to the forehead, the jaw for a knockout. Burke was disqualified.

GOLFERS PICKED FOR MORRIS DAY.

STRONG TEAM TO REPRESENT THE COUNTRY CLUB.

Eight Players to Be Chosen From List of Sixteen That President Griffith Has Sent to the Governing Board to Compete for Memorial Trophy Next Week.

The names of sixteen golfers at the Los Angeles Country Club, from which the team of eight to play in the Tom Morris memorial tournament, June 16, will be chosen, has been sent to the Western Golf Association by President Frank Griffith. Included in the list are Norman Macbeth, W. R. Miller, John W. Wilson, F. H. Edwards, George I. Schneider, Henry Newton, J. L. Miller, J. A. Lewis, L. T. Bradford, N. F. Wilsbire, J. J. Mellus, M. E. Ginn, W. B. Walton, E. B. Tufts and W. Frederickson.

Practice is now going on among the golfers. Teams of eight will play in each of nearly a hundred clubs all over the United States, west of the Alleghenies.

Play will be against par, a fixed score for certain length of holes and the team making the lowest score in the aggregate with reference to par scores will be the winner of the trophy given in honor of the memory of old Tom Morris of St. Andrews, the most famous figure in the history of golf. Each member of the winning team will receive a handsome medal. The cup must be won three times before permanent possession of the trophy is secured.

Last year the Los Angeles Country Club made the lowest score but through an unfortunate mistake in sending in the list of team members, its victory was not allowed. This year every care has been taken to avoid errors so that the fruits of a hard-earned victory may be enjoyed if success again visits the local club.

The local team will not have as good chances to win this year as last for the course is now and while fast rounding into good shape is still far from the condition needed for such competition against the older and well-kept courses of the East and Middle West. But the team members are determined to make a good showing and to win if conscientious work will do it.

AVIATORS KEEP ON. FLYING TO ROME.

[ASSOCIATED PRESS NIGHT REPORT.]

ROME, June 5.—Vidart, the fourth contestant to reach Rome, the end of the second stage of the 1300-mile Paris-Rome-Turin air race, arrived at 1:15 o'clock this morning.

The aviator reached Orbetello, about seventy miles from Rome, on Saturday. In landing one wing and a propeller of his machine were broken. Vidart secured a new aeroplane at 7:32 o'clock this morning, reassembled and flew direct to Rome.

Le Prince, a French aviator, arrived at Genoa at 8:45 a.m. The weather was magnificent, but the airman postponed his departure for Rome, pending instructions from the Aviation Committee. The Rome committee telegraphed instructions to Le Prince that his passage over the Italian stage of the race would not be registered, as he was not regularly entered in

TROUBLE AHEAD FOR BAY TOSSERS.

Oakland Comes South to Meet the Tigers.

Senators Clash With Seals at San Francisco.

Locals Have Two Off Days Because of Jump.

[BY DIRECT WIRE TO THE TIMES.]
SAN FRANCISCO, June 5.—[Exclusive Dispatch.]—It looks like trouble ahead this week for the baseball warriors on both sides of the bay. The Seals will lock horns with the slugger Senators at San Francisco on Wednesday in Los Angeles in another set with the Vernon Tigers.

The mere mention of the Senators going after the Seals and the Tigers on the trail of the Oaks is enough to make local rosters skeptical, and to add further to our misfortune the Beavers are going to meet the Angels.

If the records of past series can be taken as any criterion, the Portland champions figure to draw ahead still further in the pennant race, and only has to throw even to think what will happen to the Seals and the Oaks.

For a long time the Senators have proven the toughest team in the league for the Seals to down and Vernon has taken the measure of the Oaks with painful regularity.

Just why Sacramento proves so troublesome to the locals is hard to understand. The Seals can travel to Portland and always give the hustling Northmen a hard game, but when the Senators make their appearance the Seals seem to topple. Even last season when Sacramento was almost out of sight in the cellar, the Seals got their regular bunnings from their "hoodoo" team.

SOUTHWEST MITTERS.
H. H. Hogan explains the ability of Vernon to beat the Oaks in the fact that his left hand pitchers are effective against the southwest batters on the trans-bay club. Raleigh, Castleton and Hill always get a few well against the commuters. To offset the Tigers advantage in having three southpaws to work, Manager Harry Wolverton has a couple of left-handers in Able and Pernell, who must break the hoodoo this week and put "Spider" Baum in the running.

The Senators were augmented by a new pitcher today. Jake Warren, the local lad who has been doing great work for the Tacoma team of the Northwest League, reported, but O'Rourke does not figure on breaking up his present winning combination. In Jimmy Lewis, Van Burck and Mahoney, he has a speedy trio of hard-hitting outfielders. Warren will likely find it a hard job breaking into the lineup.

ON THEIR WAY.
The Oakland team arrived from Portland tonight and will continue on its way to Los Angeles tomorrow to be on hand for the first game Wednesday. Pitchers Pernell and Gregory arrived in advance of the other players. "Lefty" Miller is now in shape and will accompany the Oaks south. Maggart and Mize will also report for duty. It is expected that Wolverton will leave a couple of his pitchers at home, presumably Gregory and Knight.

Oscar Vitt does not expect to get back in the game before the end of this week. His ankle is still bothering him. Weaver is going in at a pinch at short, and McGraw is at home at third, as he is at any place in the infield. Browning and Berry, the other crimpies, are getting along well, and Zamach will likely be well enough to work this week.

Dulin, the infielder, who was with the Senators since the season opened, has been turned back to Boston, and will fill the role of utility infielder. Nebinger, whom John J. Taylor intended sending to Sacramento, has been placed with Chattanooga of the Southern League, as O'Rourke wired the Red Sox manager that he is well fortified with players.

COSTS THEM DEAR.
IT'S A HOT FIGHT.
[ASSOCIATED PRESS DAY REPORT.]
NEW YORK, June 5.—The quarrels and arguments among ballplayers and umpires at the games, between the Chicago and New York teams at Chicago on Friday and Saturday resulted in several fines and suspensions being announced today.

National League headquarters today. Pitcher M. Brown, was fined \$25 and suspended three days and Zimmerman was fined \$25 for trouble with Umpire Eason. The argument with "Chief" Myers and Becker had with Eason cost Myers \$25 and Becker \$10 in fines. King was suspended for three days for his argument with Umpire Johnston.

Dillon Reinstated.
CINCINNATI, June 5.—M. J. Dillon, the heavy hitting outfielder, was formally reinstated by the National Baseball Commission. Dillon himself applied for reinstatement and promised to report to the New York club immediately on being restored to good standing. As his record showed that he had not violated any of the rules of organized baseball during the time he was in retirement, the commission did not inflict a fine.

Dillon Beats Erbe.
MUNICE (Ind.) June 5.—[Exclusive Dispatch.] Jack Dillon of Indianapolis easily won from Young Erbe of Philadelphia in the ten-round bout here tonight. Dillon was robbed of a knockout by the final bell. In the second round Dillon sent Erbe to the mat with a left hook to the jaw.

MASSACHUSETTS GOLF.

June 5.—Out of a field of fifty-one starters in the first eighteen holes of play for the In- (Women's) championship of the Massachusetts Country Club, which was held here today, Mrs. H. E. Barlow of the Marion Cricket Club, Philadelphia, led with a card of 81, a record performance. Mrs. Barlow was nine strokes better than Miss F. C. O'Connell of Boston, the second hole holder.

HAMLET THREAT OF MESTAYER.

Brilliant Young Actor Vows
to Play the Dane.

Excitement Ensues Among
the Actor Fraternity.

Cast Reductio Ad Absurdum,
Whatever That Is.

BY JULIAN JOHNSON.

Mr. Mestayer, who has been responsible for some of our Rialto's most ultra-violet sensations, is at home nursing a new one.

This is going to be "the" one. He vows that he will play "Hamlet."

It is not merely a threat; it is an open declaration of war.

The "Hamlet" proposition seems to have been one of the conditions of the Mestayer comeback.

"Hamlet" will be sprang or is sprang the word I want—late in the summer. This is somewhat late in the year for a spring, but we must remember that Roosevelt is not President now, hence things do not move so fast.

The production will probably be made at the Burbank Theater, and Ollie Morosco is thinking of announcing the neurotic prince between George Cohan comedy.

Notwithstanding Mestayer's tendency toward lügen, the Shakespearean play in all probability will not be given in Norwegian.

Needless to say Mestayer himself will play the title-part, for which his training, classic breeding and splendid talents eminently fit him.

But in order that there may be no disappointed audience in the event of Mestayer's indisposition at any time, Charley Epton has volunteered to understudy the part.

And to show how thoroughly the new syndicate anticipates every thought and aspiration, the immortal question of preference as to a fat or thin Hamlet will be put to public vote. If the fate roll up a large representation, John Blackwood may grace the hours of matinee.

The cast is not decided, by any means, though certain appropriate persons have been talked of.

Thus Capt. C. Jones may be induced to play the first grave-digger.

WOULD-BE GHOST.

Pete Lang wants to play the ghost, but Stage Manager Dave Hartford avers that he is inappropriate, as there is only one ghost, not a crowd.

Besides, it is rumored that Mr. Hartford himself intends to have a fling at the phantom. We can see no especial reason to deter, unless the name Hartford involuntarily suggests fire insurance. We must have atmosphere nowadays, even in Shakespeare.

Artist Bob Burton is also on the grievous list, as his sketches of Elston were summarily rejected by Mestayer yesterday. The actor says the artist drew a hot springs in Riverside county, with bar attachments on the side, instead of a gloomy castle in ancient Denmark.

The part of Ophelia is giving the

management some trouble. All the ladies want to play Ophelia to Mr. Mestayer's Hamlet, hence to avoid pangs of footlight jealousy and acrimonious afterthought, the lucky actress will be drawn by lot from the combined forces of the amalgamated theaters. Extra ladies and actresses having jealous husbands barred.

If "Hamlet" is put on at the Burbank, the Belasco will be sore.

"Uncle Tom's Cabin" and "Ten Nights in a Bar-room" will be used in rivalry, while the Grand will revive "Mr. Hamlet of Broadway," and Will Wyatt threatens to bring Mrs. Fiske out to do some of Ruth St. Denis's East Indian dances.

SO HE WILL DO.

Seriously, Mestayer promises to give us a Hamlet not apart from the classic line, but invested with the fruits of long study, ancestral tradition and experience.

The Mestayer family has been an illustrious one in the theater annals. Harry Mestayer is of a size with Edwin Booth, E. H. Sothern and other modern Hamlet interpreters—of a size physically and intellectually—and should give a magnificent reading.

In the East he triumphed in several roles. In "The Penalty" he was a sensation.

In "The Great Name" he was one of the lights of the cast, and he also played in "Love and Politics," where he sang a topical song with sixteen show-girls—fancy! And there was a dance besides!

His most recent assumption, as Mackey in "The Fox," was a triumph, and connects him more intimately with local success.

He will debut with Margaret Hillington, in "The Thief."

MAY LOSE THE FIGHT.

Tulsa District Judge Threatens to Call Special Grand Jury—But May Go to Sapulpa.

TULSA (Okla.) June 5.—[Exclusive Dispatch.] The straight from the shoulder announcement of District Judge L. M. Poe in his lecture to the grand jury today is that if the Morris-Fryer fight is staged in Tulsa, July 4, he will call another special grand jury to investigate the matter which probably result in Tulsa losing the pugilistic event and Sapulpa, profiting thereby.

In case F. B. Ufer, manager of Morris and promoter of the contest, decides to take the fight to Sapulpa, he will mean at a low estimate the loss of about \$100,000 to Tulsa.

Ufer recently announced that in case there was any agitation against the bout being pulled off here, no matter from what source, he would lose no time in transferring the bout to Sapulpa, the town that received over \$50,000 from Morris's last fight.

Many Sapulpanians were in town today and it is understood they will have a conference with Ufer and offer him a substantial bonus to transfer the match to that place.

PLAN SUMMER FESTIVAL.

Scandinavians Propose Elaborate Affair to Take Place in the Latter Part of This Month.

Plans were outlined at a meeting of the Scandinavians, held at No. 512 South Hill street, last night, which, if carried out, will make the Midsummer Festival of the Swedish, Danish and Norwegian people of this city, the 25th inst., one of the most elaborate affairs of the kind seen in Los Angeles in many months.

It was proposed that the three nations be represented on the festival grounds with villages typical of each, and that those who take part in the celebration be dressed in native costumes. In addition to this, it is planned to have folk dances characteristic of the Scandinavians.

Hundreds are expected to participate in this feature of the programme. They will also be dressed in native costumes. National songs will be sung in the languages of the nations represented.

One of the principal features of the programme of sports is to be a tug-of-war between professionals. This is the national pastime of the Scandinavians and takes the place of our own game of baseball. There will be various other sporting events and amusements. The members of the committees which is arranging the details of the big festival follow:

Boosting Committee, Henry Carlson, chairman, A. C. Olson, John Anderson, H. von Melnke, Martin Paulson, Anna Anderson, Mrs. Steele, Marguerite Peterson, Alma Swanson, H. Conrad, Alma Johnson and Mrs. von Melnke; press, Axel Rossmann, Otto Sankner, J. V. Milchelder and B. S. Sobera; executive, Milton Carlson, chairman, John A. Anderson, A. C. Olson and Oscar Blumund; folk dances, Henry Carlson, chairman; concerts, H. von Melnke, chairman; sports, Martin Paulson, David Anderson and David Hansen; printing and valentines, Milton Carlson, chairman; music, P. S. Solber, chairman.

The festival is to be held under the auspices of Milton Carlson, the local royal Vice-Consul of Sweden. Ernest W. Moden presided as chairman of last night's meeting. Final arrangements are expected to be made at a meeting to be held next Monday night.

ASKS ABOUT JANITORS.

Board of Education Seeks Legal Advice as to Whether Eight Hour Law Affects Them.

At the meeting of the Board of Education last night, the secretary was instructed to make inquiry of the City Attorney as to whether or not the eight-hour law applies to women employed as janitors in the school department.

A recommendation of the City Superintendent was adopted, suggesting to the Library Board that the branch libraries be located in such a way as to be convenient to the high schools of the city for the convenience of pupils, who make much use of the libraries, and the expense of long trips and much time.

On recommendation of the finance committee, the application of the employees of the warehouse department for Saturday half-holidays, during June, July and August, was denied, it being stated that they receive good pay and steady employment.

It was decided to equip canteen rooms at the Seventh street and Hewitt street schools, during vacation.

The secretary was instructed to call the attention of the Board of Public Utilities to the dangerous railway crossings along Long Beach avenue, and suggest the construction of concrete tunnels under the tracks.

The board adjourned to meet at 1 o'clock the 15th inst. to canvass the returns of the bond election which will be held today.

have to furnish his own sleeping outfit and general equipment.

The southern section of the club which is being kept alive largely by the efforts of Phil S. Bernays and William F. Boland, took long hike Sunday into Topanga Canyon. The party walked four miles up the canyon road, making the distance covered about sixteen miles for the round trip. These weekly Sunday walks are open to all who are interested. Their objects are to arouse interest in the many beautiful canyons and mountain trips within walking distance of Los Angeles, and to enable the members of the Sierra Club to keep in training for the more strenuous efforts of their annual pilgrimages.

The largest party of the year hiked Sunday. The members of the khaki and elkhorn were Mr. and Mrs. E. A. Thomas, Mr. and Mrs. D. D. Ryan, Mrs. Lucy Spencer, Mrs. Henry Braun, Misses Mildred Marshall, Dorothy Bernays, Louise River, Elsie Nutting, M. E. Hunt, Kate E. Smith, Bertha Meyer and Helena Braun; Messrs. Phil S. Bernays, William F. Boland, E. B. Bailey, W. M. Casswell, G. Hyer, G. Groff, Whitney Marshall and Ralph F. Bernays.

BEELS SWITCHED—BUZE.

Lieutenant in the Fire Department Takes a June Bride—"Boys" Service "Won't do a Thing to Him."

Both the police and the fire departments were buzzing last night with a rumor that Lieut. Alexander H. Hatfield of Truck No. 1, No. 217 Aliso street, was about to forget the fire bell, to hearken to the call of the wedding bells. Interest in the rumor was considerably heightened late in the evening, when word was passed along the line that the young lieutenant had been seen leaving the Court-house, and that he had stubbornly declined to say what business had called him there.

The friends of Lieut. Hatfield will be glad to learn that the report was well founded. He has won a June bride in the person of Miss May Tilton, a charming young woman of this city, and the "boys" in the department may safely prepare to demonstrate how much they think of the young lieutenant. Hatfield, one of the most popular young men in the fire department, was promoted to his present rank, only about three months ago.

BOTH LOSE—OR WIN.

Justice Decides Case Involving Allegations of Commission Due For Government Land Location.

Claim met counter-claim yesterday in Justice Forbes's court, when Fred W. Beau de Zart, a land dealer, sued Philip Greppin for \$40, alleged to be due as a commission, and Greppin replied by demanding \$75 from the other, as expense incurred on a second trip to Mono county.

Beau de Zart took a party of men to the northern county a year ago. He averred that each agreed to give him "two-bits" an acre on all government land he located for them, which they saw fit to take up. Greppin filed on 320 acres, and therefore owed \$60 to the agent.

But the land was not yet ready for possession and Greppin was forced to make a second trip to it, which cost him \$75. For this he sued, claiming that Beau de Zart had assured him that a single trip would be enough.

The agent sued in turn for \$40, since Greppin had paid half his debt of \$60.

Justice Forbes decided that in the absence of written contracts it was simply one of the many cases in which the evidence is confined to one man's word against another's, and refused to award either the amount sued for.

It happens that the Angelus has the transportation club of 150 members for lunch on Wednesday noon and can not offer the ladies the services of its grill until after 2 p.m.

The chances are that the ladies will be obliged to seek accommodations for about 500 guests each week. As the organization is less than a week old and as the idea of such an organization has not existed for two months, the ladies responsible for its inception never dreamed of having to face such a stampede at the first club luncheon. The officers announced yesterday that before another week they will be equal to any emergency.

Father Isn't Overlooked.

Cheer up! Father is about to have his innings. A woman—and a Pacific Coast woman, too—has launched a campaign to make Father's Day the present month of June will be observed as father's day in many cities and towns in America, Canada, Mexico and even in Honolulu, where the idea of interest has been taken in the movement.

As Miss Anna Jarvis of Philadelphia conceived the idea of mother's day, so Mrs. John Bruce Dodd of Spokane, believing in the right and need application of the scriptures "Honor thy father and thy mother," instituted a father's day which was celebrated for the first time last year in her own city.

This year the day will be observed in many places, special sermons will be preached and, in Spokane, plans for special services at the Y are under way. The red rose is the badge of honor for father, as the white carnation is for mother.

Needling the Thread.

"I have just come from a sewing-class in a public school, and what do you think the teacher asked me as she explained things?"

"Cannot imagine," answered the friend.

"She said: 'Do you thread your needle, or needle your thread?'"

"What a funny question! What is the difference?" demanded the friend.

"Just you try," promptly responded the other.

"Threading a needle is all wrong. Just take the needle in the right hand and needle your thread, and see how much easier it is. I only wish I had known it twenty years ago."

The members of the Votes For Women Club are going to expend more energy in an effort to fathom the political minds of the voters than in any other line of work today.

"We, the undersigned electors of Los Angeles precinct, enroll our selves as favorably to Senate Constitutional Amendment No. 8, concerning the rights of suffrage."

That is the sentence in capital letters at the top of a large white sheet of paper, to which those going to the polls of the School Board election today will be asked to subscribe. Miss Mary H. Foy, secretary of the Votes For Women Club, has chosen a representative for every precinct, and the women expect to have a better idea tonight than ever before of just what the voters of the city think about political equality.

Charles Neely of Pomona delivered an address on woman suffrage last night at the Votes For Women Club in Symphony Hall. Tonight Dr. Ashcroft will speak at Hollywood under the auspices of the Y.W.C.A.
